Pupil premium strategy statement

This statement details our academy's use of pupil premium (and the one-off recovery premium payment for the 2022 to 2023 academic year) funding to help improve the attainment and opportunities for our disadvantaged students. It outlines our pupil premium strategy, how we intend to spend the funding in the next three years and the effect that last year's spending of pupil premium had within our academy.

Students attract Pupil Premium funding if they are:

- Eligible for Free School Meals (FSM)
- Have been eligible for FSM at any point in the last 6 years
- Looked after by local authorities and referred to as Looked-after children (LAC)
- Post looked-after children (post-LAC)

Schools do not have to spend pupil premium so it solely benefits eligible students. It can be used wherever the greatest need is identified. Using the funding to improve teaching quality is the most effective way to improve outcomes for both disadvantaged and non-disadvantaged students.

Academy overview

Detail	Data
Academy name	Chatham Grammar
Number of pupils in school	Yr 7-11 - 737 (950 incl 6 th form)
Percentage pupil premium students	15.3%
Academic year/years that our current pupil premium strategy plan covers	2022/2023 to 2024/2025
Date this statement was published	December 2023
Date on which it will be reviewed	December 2024
Statement authorised by	Wendy Walters, Principal
Pupil premium lead	Emma Perkin, Vice Principal
Trustee lead	Claire Allison, Trustee

Funding overview:

Detail	Amount
Pupil premium funding allocation this academic year (this includes £310 for Service Pupil Premium SPP, we have 3 SPP students currently) £1035 per student.	£116,955
Recovery premium funding allocation this academic year (one off payment) £276 per student	£32,016
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Recovery premium funding carried forward from previous years (enter £0 if not applicable)	£0

Total budget for this academic year	£148,971
--	-----------------

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all students, irrespective of their background or the challenges they face, make good progress and achieve their potential across the curriculum.

The focus of our pupil premium strategy is to support any students deemed disadvantaged students to achieve that goal; including vulnerable students, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged students require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our academy. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged students' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the National Academic Mentoring Programme for students whose education has been worst affected, including non-disadvantaged students.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help students excel. To ensure they are effective we will:

- ensure disadvantaged students are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole academy approach in which all staff take responsibility for disadvantaged students' outcomes and raise expectations of what they can achieve

Challenges

The Pupil Premium allocation at Chatham Grammar is to improve education outcomes for our disadvantaged students. Research has found that disadvantaged pupils have been worst affected by the impact of the pandemic. It is therefore more important than ever that academy strategies focus on support for our disadvantaged students. This details the key challenges to achievement that we have identified among our disadvantaged students.

Challenge number	Detail of challenge
------------------	---------------------

1	<p>Our assessments, observations and discussions with students and families suggest that the education and wellbeing of many of our disadvantaged students has been impacted by partial school closures to a greater extent than for other students. These findings are backed up by several national studies.</p> <p>This has resulted in wider knowledge gaps across a range of subjects.</p>
2	<p>Our assessments, observations and discussions with students and families have identified social and emotional issues for many students, such as anxiety, depression (diagnosed by medical professionals) eating disorders and low self-esteem. These challenges particularly affect disadvantaged students, including their attainment, where they may not have access outside of the academy to the necessary resources to support their wellbeing.</p> <p>Following the pandemic, teacher referrals for support markedly increased. Many students (some of which are disadvantaged) currently require additional support with social and emotional needs from our emotional wellbeing team.</p>
3	<p>Our observations and interactions with students suggest that some disadvantaged students are struggling with workload, resilience and revision strategies when faced with challenging tasks/assessments/exams.</p>
4	<p>Our attendance data over the pandemic indicates that attendance among disadvantaged students has been between 1.6 – 6.3% lower than for non-disadvantaged students.</p> <p>Since September 2023 7.5% of disadvantaged students have been 'persistently absent' compared to 4.7 % of their peers during that period. Our assessments and observations indicate that absenteeism is negatively impacting some disadvantaged student's progress.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attainment among disadvantaged students across the curriculum at the end of KS4 and KS5.	<p>2024/25 KS4 outcomes demonstrate that disadvantaged pupils achieve:</p> <ul style="list-style-type: none"> • an average Attainment 8 score in line with peers. • an EBacc average point score in line with peers. • a L3VA score in line with peers.
Improved resilience and self-management among disadvantaged students across all subjects.	<p>Teacher reports and class observations suggest disadvantaged students are more able to monitor and regulate their own workload. This finding is supported by homework completion rates across all classes and subjects.</p>
To achieve and sustain improved wellbeing for all students, including those who are disadvantaged.	<p>Sustained high levels of wellbeing from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> • qualitative data from student voice, student and parent/carer surveys and teacher observations. • a significant increase in participation in enrichment activities, particularly among disadvantaged students.

<p>To achieve and sustain improved attendance for all students, particularly our disadvantaged students.</p>	<p>Sustained high attendance from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> the overall absence rate for all students being no more than 5.7% (NA is 9%), and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced by 3%. the percentage of all pupils who are persistently absent being below 16.3% (NA is 27.7%) and the figure among disadvantaged pupils being no more than 2%% lower than their peers.
--	--

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching

Budgeted cost: £29,300

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Bespoke CPD and advocacy strategy implemented for teachers.</p>	<p>Teaching strategies for PP students focus on quality first teaching.</p> <p>Teachers trained on use of Bromcom to identify and support PP student group.</p> <p>Teachers training on use of ALPs.</p> <p>https://educationendowmentfoundation.org.uk/guidance-for-teachers/using-pupil-premium</p>	<p>1</p>
<p>Developing resilience and mindfulness in all students.</p> <p>This will involve ongoing teacher training and support and release time.</p>	<p>Teaching mindfulness strategies to students can support independent learners.</p> <p>Staff trained to deliver mindfulness in curriculum lessons.</p> <p>https://mindfulnessinschools.org/wp-content/uploads/2013/02/MiSP-Research-Summary-2012.pdf</p> <p>Lamda qualification in leadership to promote resilience and confidence in communication.</p> <p>https://www.lamdateacher.co.uk/lamda-lessons/lamda-examinations/</p>	<p>2,3</p>
<p>iPad one-to-one scheme – PP student uptake reviewed and</p>	<p>Students who require additional financial support for participation in the scheme are identified and supported to take up device offer.</p>	<p>1</p>

individuals supported to ensure participation in the scheme.	https://www.suttontrust.com/our-research/remote-learning-the-digital-divide/

Targeted academic support

Budgeted cost: £ 40,200

Activity	Evidence that supports this approach	Challenge number(s) addressed
Size of Personal Tutor groups was reduced to ensure smaller group and individual support for all students, to support mental wellbeing and sense of community.	https://www.hks.harvard.edu/sites/default/files/Academic%20Dean's%20Office/Guide%20to%20Small-Group%20Learning.pdf	2
Engaging with the National Tutoring Programme to provide a blend of mentoring and school-led tutoring for students whose education has been most impacted by the pandemic. A significant proportion of the students who receive tutoring will be disadvantaged, including those who are high prior attainers.	Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one: One to one tuition EEF (educationendowmentfoundation.org.uk) And in small groups: Small group tuition Toolkit Strand Education Endowment Foundation EEF	1, 3
Reserve of 10 Pads allocated on a case-by-case basis to ensure there are no barriers in accessing resources for disadvantaged students.	2023 with cost-of-living crisis to ensure we can respond quickly when needs arise and minimise any negative impact.	3
Additional Teaching Assistant to be employed for targeted support and interventions for students on our SEND register and for emotional wellbeing support	https://educationendowmentfoundation.org.uk/news/eef-blog-the-impact-of-teaching-assistants-a-holistic-picture	1,2,3

Wider strategies

Budgeted cost: **£77,000**

Activity	Evidence that supports this approach	Challenge number(s) addressed
Tiered wellbeing system with training for student mentors and	Adolescent mental health: A systematic review on the effectiveness of	2,3

a full-time counsellor employed to support with mental wellbeing.	school-based interventions Early Intervention Foundation (eif.org.uk)	
External review of safeguarding and personal development curriculum.	https://www.local.gov.uk/sites/default/files/documents/main-report-05a.pdf	2,3,4
House system to ensure students are supported by wider year groups- building upon the success of its success and the promotion of leadership.	http://whs-blogs.co.uk/teaching/role-house-system-play-modern-school/	2,3
Embedding principles of good practice set out in DfE's Improving School Attendance . Staff will get up to date training and release time to develop and implement new procedures.	The DfE guidance has been informed by engagement with schools that have significantly reduced persistent absence levels.	4
Set up a breakfast club to ensure all students in need, start the day with a meal.	https://healthy-food-choices-in-schools.extension.org/breakfast-and-the-brain-how-eating-breakfast-impacts-school-performance/#:~:text=Children%20who%20eat%20a%20complete,%2C%20comprehension%2C%20memory%20and%20learning.	2, 3,4
Changes to the site to support students' mental health and wellbeing and Little Lime, student social area, fitness room, student hub and prayer/meditation space and sensory room	Adolescent mental health: A systematic review on the effectiveness of school-based interventions Early Intervention Foundation (eif.org.uk)	2,3
CPD/resources for Inclusion and wellbeing team- Therapy dog training Mental Health Lead Anger Management Alumina	https://www.gov.uk/guidance/senior-mental-health-lead-training https://www.thedogmentor.co.uk/about https://www.educationservicesmedway.org.uk/Article/69809	2,3,4

Contingency fund for acute issues.	Based on experience, and exacerbated by the cost-of-living crisis, we have	All

	identified a need to set a small amount of funding aside to respond quickly to needs that have not yet to be identified. This can include partial funding towards trips and events thus removing barriers for our students.	
Summer School Supporting transitions from primary to secondary school to familiarise students with the academy and vice versa.	Research regarding supporting transition and the transition process for students. https://www.youngminds.org.uk/professional/resources/supporting-school-transitions/	1,2,3

Total budgeted cost: £146,500

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on students in the 2022 to 2023 academic year.

Progress

Progress comparisons of Progress 8 outcomes:

Level 2

2020/21 - P8 0.48 for disadvantaged and overall P8 1.01. (unvalidated)

2021/22 - P8 0.75 for disadvantaged and overall P8 0.52

2022/23 - P8 0.43 for disadvantaged and overall P8 0.36 (unvalidated at point of reporting)

From the data above it is clear a sharper focus on the progress and support for our disadvantaged students had a significant impact on their Level 2 outcomes. We are currently awaiting the release of the national statistics for the last academic year, however, in 2021/22 disadvantaged students achieved a P8 outcome of -0.49, below the outcomes of our cohort.

Student Wellbeing

With a tiered approach to supporting wellbeing, identification of need for support signposts the appropriate intervention required by individual students. Of those signposted and in receipt of support 22% were disadvantaged. Note: The most recent Ofsted (17th and 18th October 2023) parent/carer survey stated that over 95% felt their child/ward was safe and happy at Chatham Grammar.
