Dear Parent/Carer,

Careers Fair Tuesday 12th July 2022

Our careers programme provides students with a range of activities and experiences linked to careers. We provide independent advice and guidance to students so they can make informed decisions about their futures.

The careers fair is an opportunity for local and national employers to visit the academy to support and engage with students. Throughout the day students will have timetabled access to a wide range of employers, giving them the opportunity to understand the world of work, appreciate specific employment sectors and ask questions. We have also invited a local further education provider so students can investigate further and technical education opportunities and qualifications.

We are very excited to be welcoming so many employers again at our annual event and thank them for their time. We have provided an up-to-date list of the employers visiting us below and identified their job role and sector they work in.

We regard careers as an integral part of the curriculum and see this fair as a brilliant additional opportunity for students to gather all the information they need when it comes to making informed decisions on their future employment and life choices.
