

Year	Careers Education Information Advice and Guidance CEIAG Programme is delivered as part of the school's personal tutor time and PHSE, a career audit is undertaken and updated annually to assist in the careers education. In addition the school participates in workshops, National Careers Day, assemblies and the following:
7	<p>All students undertake the Leadership Skills lesson once a week. Where the programme is aimed at developing:</p> <ul style="list-style-type: none"> <li>• Independent learning skills</li> <li>• Interdependency</li> <li>• Employability skills</li> <li>• Leadership qualities.</li> </ul> <p>During the completion of the leadership skills programme, students will gain transferable employability skills to aid them in their future careers.</p> <p>All Year 7 students completed the Da Vinci Days collaboratively working alongside Brompton Academy at the University of Kent. The day is centred on students entering the STEM Da Vinci bridge building competition. This allows them to engage with PHD students from a Science, Technology, and Engineering and Mathematics background.</p>
8	<p>All Year 8 students undertake discussions during Personal Tutoring time to consider possible career pathways before agreeing chosen GCSE options.</p> <p>Students are delivered GCSE option related assemblies alongside a parent/carer GCSE option information evening.</p>
10	<p>Focused careers sessions delivered during subject lessons.</p> <p>All students attend a scheduled 1-1 careers guidance Interview with a qualified careers adviser.</p> <p>All students complete a weeklong work experience placement in May, either source themselves or by a provider.</p> <p>CCF students participate in an Engineering Careers Competition Day held by 1 RSME at Brompton Barracks. The day focuses on the many trades that Royal Engineers can offer.</p> <p>Additional careers information, college open days, apprenticeships other advice is available from the Careers Hub located in the Lime Lounge and Edmodo 'Careers 4 u' (Online learning platform).</p>

Year	Careers Education Information Advice and Guidance CEIAG Programme is delivered as part of the school's personal tutor time and PHSE, a career audit is undertaken and updated annually to assist in the careers education. In addition the school participates in workshops, National Careers Day, assemblies and the following:
11	<p>Year 11 students attending an in-depth 1-1 careers guidance interview. These interviews discuss:</p> <ul style="list-style-type: none"> <li>• Future careers</li> <li>• Pathway options to chosen careers</li> <li>• Areas of support</li> <li>• Open Day dates to local sixth form &amp; colleges</li> <li>• Support applying for post 16 education or training</li> </ul> <p>CCF students participate in an Engineering Careers Competition Day held by 1 RSME at Brompton Barracks. The day focuses on the many trades that Royal Engineers can offer.</p> <p>Additional careers information, college open days, apprenticeships other advice is available from the Careers Hub located in the Lime Lounge and Edmodo 'Careers 4 u' (Online learning platform).</p>
12	<p>Students are given career guidance interviews to support them applying for a place in higher education, further training or employment.</p> <p>A range of opportunities are provided by University of Kent to support possible higher education and/or career information.</p> <p>All Year 12 undertake a weeklong work experience to provide them valuable lifelong skills.</p> <p>Additional careers information, college open days, apprenticeships other advice is available from the Careers Hub located in the Lime Lounge and Edmodo 'Careers 4 u' (Online learning platform).</p>
13	<p><b>University open days:</b></p> <p>This year, we focus on supporting students through their applications to university, an apprenticeship or employment. Students are encouraged to request interviews and discussions with key staff regarding progression beyond school.</p> <p>Full support is provided to help students make good, informed decisions, but there is an emphasis in Year 13 on students also being proactive in this process. Invited employers will again highlight labour market trends,</p>
