Tuesday 29<sup>th</sup> June 2021

Dear Parent/Carer

At Chatham Grammar we have a curriculum designed to provide a stimulating education for all students. We believe it places education at the heart of the learning community and provides equality of opportunity and access for all.

Our curriculum is founded on the following principles

- Creating opportunities with a focus on **leadership** skills enables students to develop their **self-awareness, resilience and independence**.
- Recognising **diversity** and encouraging **empowerment** strengthens our **community**.
- Broadening curriculum opportunities through **enrichment** allows **confident, inquisitive** and **creative** learners to become **critical thinkers**.

From Year 7, the curriculum is aimed at equipping students with independent learning skills as well as to giving them the opportunity to experience a wide range of subjects prior to making informed choices for the future. Our Key Stage 3 curriculum is carefully planned with clear progression in mind.

Your child has studied 3 modern foreign languages this academic year. Following this your child will need to now preference 2 languages to study in Year 8. Students will need to inform their preferences with the knowledge that at the end of Year 8 students will select from these choices which language they wish to specialise in Year 9 and take through to GCSE level.

All languages follow the same structure and content.

During the year students will:

- Develop the language skills acquired during Year 7 to communicate using the four key skills of speaking, reading, writing and listening.
- Students continue to learn about the culture and way of life in French, German or Spanish speaking countries.
- Develop language skills through a variety of teaching techniques which will provide a solid basis for the future study of languages.

Please follow the link below to preference their choices:
